

URSA Educational Programs for Faculty Researchers

Spring Semester 2011

Finding Funding Using an Online Database. In this short course, participants will learn how to use COS, an online funding database, to locate sponsors for projects. Hands-on activities will be an integral part of this session.

Date: **January 26 10:00am** **or** **May 5 2:00pm**; **2 hours**; **Facilitator:** **Princeanna Walker, URSA Sr. Training Specialist**

Writing Successful Grant Applications. Are you planning on applying for a grant in the near future? Come to this workshop and discuss grant-writing strategies with two faculty members who have over 20 years of successful grant writing experience. This workshop will focus on how to find funding and key components of successful grant writing. There will also be a brief overview of budget basics and the internal procedures for submitting a grant proposal.

Date: **March 9 1:30pm**; **2 hours**; **Facilitator:** **Dr. Amy Lederberg, Assoc. VP for Research**

How to Prepare & Route a Proposal at GSU. Need help with the non-scholarly parts of a grant application? This workshop will offer an in-depth overview of the components of budgets, the information required to complete application forms and how to route a proposal through GSU.

Date: **April 5 9:30am**; **1½ hours**; **Facilitator:** **Dr. Amy Lederberg, Assoc. VP for Research**

Grants Management for Principal Investigators. This workshop focuses on how to administer a sponsored project at Georgia State University. There's an overview of the roles and responsibilities of Principal Investigators, guidance on how to comply with the rules and regulations for sponsored projects, and tips on how to effectively manage awards at GSU. While required for all new PIs, it is recommended for all grants-active faculty members. **Date:** **April 21 1:00pm**; **2 hours**. **Facilitator:** **Dr. Amy Lederberg, Assoc. VP for Research**

How to Register

1. Go to our registration website at https://webdb.gsu.edu/training_reg/admin/login.cfm?system=11
2. Follow login instructions.
3. Register for classes!
