COMPANY INFORMATION
AppedOn
www.appedon.com

AppedOn is a division of the BlueSHIFT 7 full-service marketing agency focused purely on the development of mobile applications. We've taken lessons learned from web development like rapid and dynamic content generation, and applied those to creating original, relevant mobile Apps. Our Apps tie in directly to other BlueSHIFT 7 products like our BlueSHIFT Content Management System (CMS), giving you control over the content your customers see both in-App and online. Our team is comprised of individuals with specialized fortes in design, development, and innovative content generation to bring you the best talent available when building your product.
