

Windows 8 Development AppLab Session 2

Time : 9am - 2pm

Date : Friday, Nov 16

Location : GCB 501

Our Microsoft Evangelist, Tara Walker, will be with us again Friday, November 16 for the second installment of the Windows 8 AppLab.

If you didn't make the first AppLab for some reason you should still come and learn new skills:

- Windows 8 Application Development
- Windows 8 GUI Design Standards
- XAML & C#

No Prior Knowledge is needed, however ArsTechnica has a fantastic writeup on what is new and different in the latest iteration of Windows: <http://Tinyurl.com/8mopxnf>

Free Food and Drinks!

Lots of Awesome Prizes for showing up.

(Last time we had 20+ prizes to give away)

COME PREPARED! (we have a lot to cover this time)

You should download and install Windows 8 and Visual Studio 2012 from Dreamspark, both free for GaState Computer Science students, BEFORE the start of the AppLab.

(<http://www.onthefhub.com/> and search for GaState CS if you do not have access and are currently enrolled in a computer science class then email the helpdesk@cs.gsu.edu and you should get be given access relatively quickly)
