

# Enterprise Information Services 2013 Summer Intern Program

*Discover Your Potential At SunTrust Bank !*

## Who we are:

Enterprise Information Services (EIS) is the Technology and Operations Division of SunTrust Bank, Inc.

## Career opportunities:

The EIS Summer Intern Program offers two job functions:

As a **Technical Analyst**, you would gain deep technical skills in areas such as application development, technical infrastructure, and information security.

As an **Operations Analyst**, you would gain project management and process improvement skills as well as business leadership skills.

In addition, the EIS Summer Intern Program offers several training and professional enrichment opportunities such as Lean Six Sigma training.
