

## **JOB DESCRIPTION – PROPERTY & CASUALTY ACTUARIAL INTERN**

### **LOCATION: ATLANTA, GA**

The Actuarial Practice of Oliver Wyman is seeking to hire an actuarial intern in our Atlanta, GA office for the summer of 2021 to support our property & casualty self-insurance business. This position requires the candidate to work alongside well-known, senior level consultants and gain broad industry exposure among Oliver Wyman's clients, which include large corporations, captive insurance companies, state regulators, and healthcare provider systems.

### **Responsibilities:**

The candidate would be expected to use his or her analytical skills within a team environment to analyze complex problems and develop workable solutions. Specific tasks may include:

- Assist in actuarial projects with a focus on loss reserving, cash flow projections, and loss forecasting
- Utilize R and R Shiny to support a business intelligence application and other tools
- Compile data, develop spreadsheet exhibits, perform basic analysis, and summarize internet research

### **Requirements and Qualifications:**

- Working towards Bachelor's or Masters degree in Actuarial Science, Mathematics, Computer Science, Statistics, Finance, or a related field
- Professional experience preferred
- Programming experience in R
- Strong command of Microsoft Excel
- Ability to quickly process and learn new concepts
- Collaborative team player
- Exceptional interpersonal skills and strong oral and written communication skills
- Strong attention to detail
- Experience with Python, Java, SAS, Microsoft Access, Word and PowerPoint as well as @Risk Microsoft add-in is a plus

Interested candidates please email cover letter and resume to: [brian.settle@oliverwyman.com](mailto:brian.settle@oliverwyman.com)

Oliver Wyman is committed to the principles for equal employment opportunity and complies with all relevant federal, state, and local laws.
